Capt. Bowen Chosen to Succeed Mitchell

Causes Seeks Leader

Who'll be the new House leader of the Liberal opposition? That was the sole topic of conversation over the week-end around the tables of the hotels in which the members of the Legislature were gathered to await the election of a new leader.

New Liberal Chieftain Already Has Taken Over Position

OPPOSITION WORK TO BE CONSTRUCTIVE

George Mills, Liberal Whip, Moves to Place on Front Benches

Mr. Justice Mitchell cleared out his desk in the Legislature and the Opposition leader's room in the Legislature building this morning. He was frequently interrupted by members and friends who called to congratulate him on his elevation to the position of House leader. He had been generally "cleansed up" and was around the lobbies looking friendly good-bye. If the former leader had any regrets at handing over the reins of office after being in harness since 1910 he did not show it. In fact he appeared quite cheerful all morning.

Liberal members of the legislature at a meeting Monday morning voted decisively in favor of Capt. J. C. Bowen, one of the Edmonton members, for House leader of the Opposition.

NEW HOUSE LEADER

Capt. J. C. BOWEN, one of the Liberal members of the legislature for Edmonton, who is likely to be chosen new opposition house leader by "Liberal" members today to succeed Hon. J. Mitchell, appointed Saturday to take the lead in the House. Bowen has been in the House since 1910, and has been a member of the Liberal caucus since 1912.

PREMIER KING IS INTRODUCED; HOUSE CHEERS

Hon. James A. Robb Tables Estimates for the Fiscal Year

Exclusive to Bulletin
OTTAWA, March 15.—A bill to introduce the estimates for the fiscal year 1926-27, introduced by the Hon. James A. Robb, minister of finance, today in the House of Commons.

And here's something the equipment men would not like to see. When Mr. Mitchell stepped down from the House to go to the committee room to take a look at the new House leader, he was met by a group of men who were waiting to see him. They were the men who had been waiting for him since he had been elected House leader. They were the men who had been waiting for him since he had been elected House leader.

Mr. Mitchell's resignation has already been handed to Speaker O. L. McCreath of the legislature, and his seat was occupied by Capt. Bowen at the opening of the House Monday afternoon.

Four of the eleven individuals charged with conspiracy in connection with the marketing of fruit throughout western Canada were found guilty on four counts by the jury here Saturday evening after 30 hours' deliberation, and fines totaling \$200,000 imposed by Mr. Justice D. A. Macdonald in the assize court.

Henry Wood, president of the United Farmers and Vice-President of the Alberta Farmers' Union, was among the group of men who were waiting for Mr. Mitchell. He was one of the men who had been waiting for him since he had been elected House leader.

Mr. Bowen's selection to the new position of House leader was a surprise to many of the members of the legislature. He had been a member of the legislature since 1910, and had been a member of the Liberal caucus since 1912.

HERE'S A RARE CHANCE TO WIN AUTOMOBILE IN BULLETIN CONTEST

Here's a chance to get that automobile you want this summer, and it won't cost you a cent.

Alberta's oldest newspaper, the Edmonton Bulletin, which has broken all records in pulling up a circulation of more than 14,000 in less than three months, is out for thousands of new subscribers. That's the reason for this announcement of the Bulletin's great \$10,000 subscription contest.

Look at this list of chief prizes; then look at the conditions governing the contest.

First, a Hudson Six Coach, valued at \$3000.00.

Second, an Oldsmobile five-passenger two-door Sedan, valued \$1605.00.

Third, a Star touring car valued at \$985.00.

Fourth, a Ford touring car valued at \$702.00.

These are only some of the prizes that will be awarded. The full list has not yet been decided upon, but the above awards alone show that the prizes will all be up to the Bulletin standard.

If a number of subscribers were to be sent out to cover the Bulletin's territory the cost would run into thousands of dollars. We are going to give the public a chance to earn that money. This big prize contest will make a lot more sales than would a corps of solicitors working in the ordinary way, but there is nothing the matter with some fun along with business. The old apple paring has got the apple parer, and the apple parer, and everybody had a good time. It was a far better idea than hiring a dozen parers. The same thing applies to the Bulletin subscription contest. We are not for more subscribers and we are going to have no end of fun before the contest closes.

Now here's the idea in a nutshell. The prizes are to be given the candidates securing the greatest number of votes at the close of the contest. Votes may be secured in two ways. First by clipping them from the Edmonton Bulletin, and secondly by securing new or renewal subscriptions to the new Edmonton Bulletin, or, of course, the latter is by the quicker way of securing votes.

Full particulars of this spectacular contest will be found on page 8 of this issue of the Bulletin, but here's something you can absolutely rely upon before you say that you are not interested.

THIS CONTEST WILL BE CONDUCTED IN A FAIR, IMPARTIAL MANNER.

MOTHER BURNED SAVING CHILD FROM FLAMES

Mr. and Mrs. A. Burgess Flee From Fire in Night Clothes

FAMILY CLOTHING AND FURNITURE LOST

Neighbors Give Shelter—Four Brigades Fight Blaze

Barely escaping with their lives, Arthur Burgess and family fled from their home at 11303 41st street, with all their clothing, including the family's only set of night clothes, when a fire broke out in the house last night.

The building was a four-roomed house, owned by Mrs. Burgess, and was situated on the corner of 41st street and North Edmonton. Mrs. Burgess was in the house when the fire broke out, and she was the only person who was not injured.

The fire broke out in the kitchen, and it was caused by a gas stove. The fire spread very rapidly, and it was not until the fire department arrived that the fire was under control.

The fire department arrived at the house at about 11:30 p.m., and they fought the fire for about an hour. The fire was finally extinguished, and the house was saved.

The fire caused a loss of about \$1000.00 worth of property, including the family's only set of night clothes, and the family's furniture.

The family was very lucky to escape with their lives, and they are now recovering from the shock of the fire.

The fire was a very serious one, and it was a great relief when it was finally extinguished.

The cynic says the world's a sham, That nothing's good or true. And does he then include himself In this broad statement too?

The window curtain in a room is a very important one. It is not only a decorative element, but it also serves a practical purpose. It helps to keep the room warm and comfortable, and it also helps to keep the room dark and quiet. A good window curtain is a very important one, and it is worth investing in a good one.

Wide Variety of Craft Made by Alberta Motor Boat Company

MODELS ADVERTISE CITY FAR AFIELD

Color and Romance Enter Into Activities of Big Plant

Where the white whale floats at the bow of the sea and the sea is blue, the white whale floats at the bow of the sea and the sea is blue. The white whale floats at the bow of the sea and the sea is blue. The white whale floats at the bow of the sea and the sea is blue.

A Part of Romance

Interwoven in the romance of the far trade and the pushing backwades of the last frontier, the white whale floats at the bow of the sea and the sea is blue. The white whale floats at the bow of the sea and the sea is blue.

A Wide Variety

Since then the company has manufactured a wide variety of craft, none of which have ever before, and others are still making it. One of the first large vessels to go down to the Arctic from Edmonton was a motor boat shipped from Alibon, landing to the Frozen Sea, where she was used in connection with Stefansson's explorations. High powered "Alibon" motor boat was used on the Fraser between Teke and the Gulf of Mexico.

Ships of War

These ships run up to 42 feet in length, with a weight of 12 tons, and once they reach the waters of the Far North they proceed under their own engines to destinations all through the Lano Lake.

Age-Old Tradition

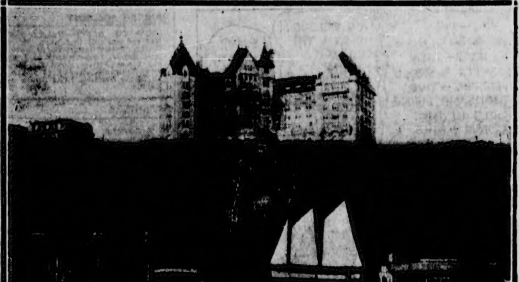

Models of the "Alibon" canoe are used on Hudson's Bay by some of the best far trading companies and to arrive there the Edmonton manufacturing plant made one of the best canoe journeys on record from this city to Montreal and thence on a deep-sea voyage on the coast of Labrador to the best place of fur trading in Canada.

Special Canoe

A special racing canoe built by Mayer & Co., of Pendergast, Victoria, was used in the race across the coast, and it is now on its way to the north and special design to the best canoe in the world.

Canoeing

The company too has contributed much to the pleasure boats which have been built across the lake and the plain. The first hydroplane was built here and attained a speed of 100 miles an hour. The white whale floats at the bow of the sea and the sea is blue.

Plant Busy One

The plant trembles with the vim of electric driven machinery. Sawdust, splinters and white and splinters are on the edge of the plant in the mill of cordage and rope, and caulking hammers emphasize the value of industry in which Edmonton has fallen heir.
